

TransFER Intermodal Eurasia

WE ARE RAILCORE

TransFER Ganzhou–Budapest

Our high-frequency TransFER between Ganzhou and Budapest connects Continental Europe and Southeast China. Furthermore, our extensive TransNET facilitates direct antenna connections to a large number of European terminals.

Offering attractive transit times and one departure per month, the TransFER Ganzhou–Budapest guarantees fast, high-frequency freight transport between China and Europe. Along its way, it crosses the Alashankou/Dostyk Chinese-Kazakh border and the Brest/Malazewicze belarusian-polish border, providing both an efficient end-to-end logistics solution and daily route monitoring.

Your benefits

- Direct import connection from Ganzhou to the BILK terminal (Budapest)
- Fixed timetables
- Attractive transit times of approx. 23 to 25 days
- Connection to our unparalleled network within Europe
- Storage facilities in our Europe-wide logistics centres
- Control and handling of pre- and on-carriage services by truck
- Additional forwarding services such as distribution organisation, loading/unloading/transhipment, load securing, weighing, transhipment options and warehouse logistics, waybill preparation, transhipment, customs services, wagon cleaning
- Daily update on transport status
