

TransFER
Villach-Koper

A non-stop connection

Fast as lightning connection to our dense network (TransNET) and throughout Central & Southeastern Europe

Holistic transport chain planning with end-to-end deliveries and disposition from a single source

Safe, reliable, punctual and in maximum quality

Seamless between Austria and Slovenia

2-3 times a day in a round trip

The handling at a glance

- Villach South marshalling yard as central hub for volume flows from to Slovenia – South-Eastern Europe v.v.
- Grouping of single wagon consignments and wagon groups
- Bundling into block trains and onward transport to and from Slovenia

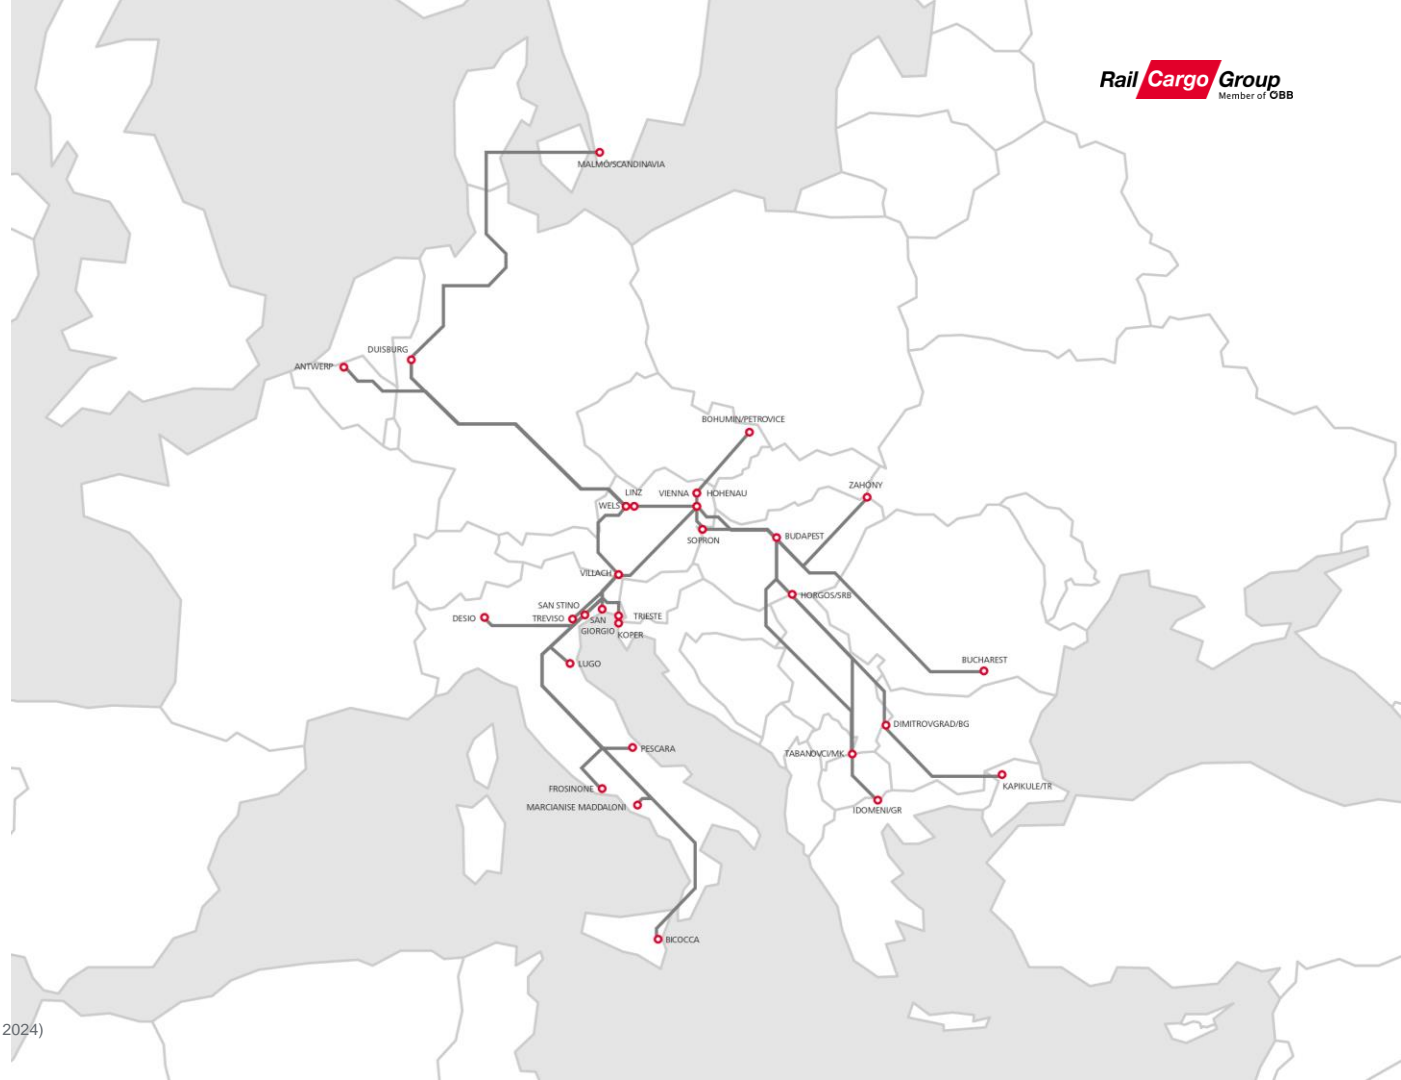

Logistics competence carrying our name

- Multifunctional TransFER connection with capacities for **conventional wagonload** traffic as well as **container** transports
- Industry-specific rail logistics solutions for **all industrial goods** and **hazardous goods** (RID) shipments
- Timely **transport information** on shipment status

High-frequently linked

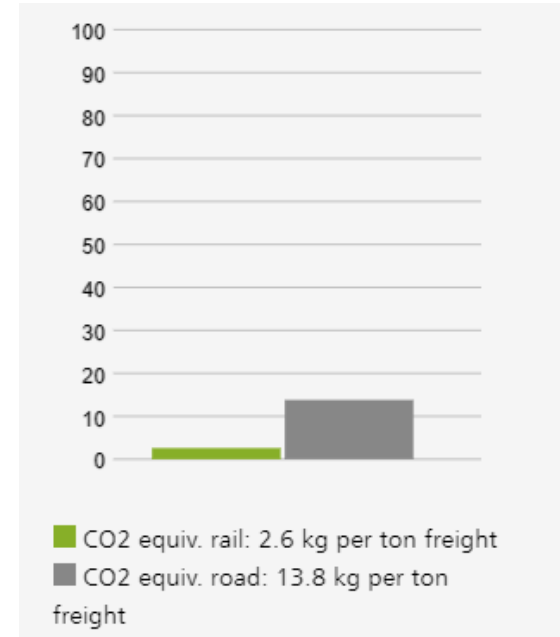

You have the
goods, we have the
routes. Find the
connections in
TransNET.

The non-stop connection as interface of European economic centers

- **Inlet & distribution** via efficient single trolley system with strong operating grid in the area
- Possible connection to **deep-sea shipping services**
- Train formation centre: Grouping of **single wagon consignments** and **wagon groups**
- Hub to southern ports as a connection option for **deep-sea ship transport**

Comparison of rail /road emissions

Your benefits

- Seamless, quality-assured order processing thanks to cooperation with Belgian partners – in single wagon or block train systems
- **Seamless supply security** through the RCG logistics network
- **Shortened transport times**, improved punctuality, complete security, maximum service quality
- Transport time between Villach and Koper: **2 days** (incl. loading and unloading)
- **Rapid connection** to the entire RCG network as well as economic regions throughout Central and South-Eastern Europe with **end-to-end logistics solutions**
- **Quality assurance** through customer service center
- Handling with **own locomotives** – ensuring a high-quality international production chain
- **Competitive advantage** through extended own production radius

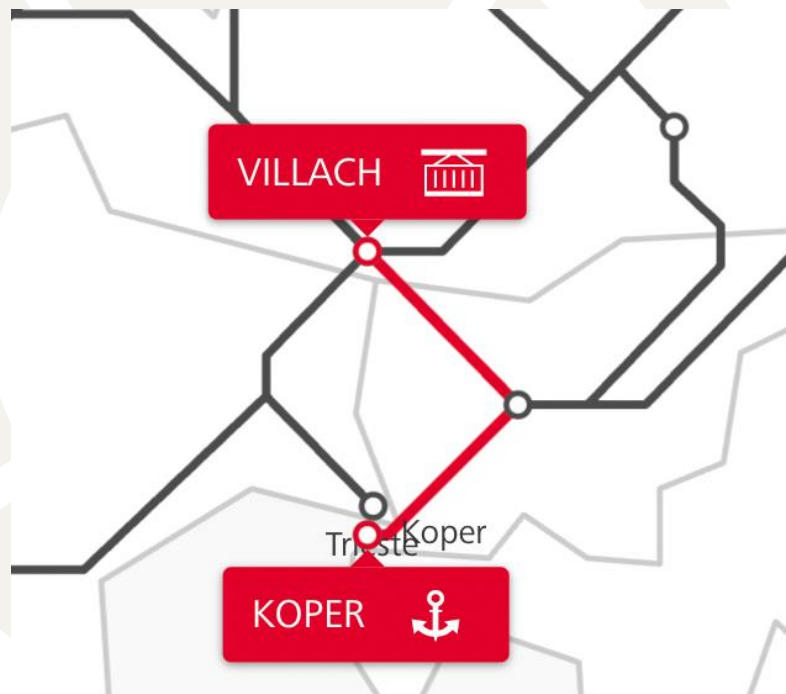

What matters

We take care of every detail

- Organisation of first and last mile
- Transshipment facilities and warehouse logistics
- Always ready in an emergency
- Damaged wagon management
- Emergency management
