

Quickly to and from port and industrial areas in Belgium with the TransFER Linz–Antwerp

Our TransFER Linz–Antwerp offers the safe, reliable and eco-friendly transport solution to and from the port areas of Antwerp, Zeebrugge and Ghent as well as wide industrial areas all over Belgium. We enable quick connections in economic regions in Central and Southeastern Europe throughout the whole TransNET with efficient end-to-end logistics solutions.

YOUR BENEFITS AT A GLANCE

- Six weekly round trips
- Possibility to connect to deep-sea shipping
- Shortened transport times, improved punctuality, complete security, maximum quality of service

HERE IS WHAT YOU CAN COUNT ON ...

- ... seamless order processing thanks to our cooperation with Belgian partners – in single wagon or block train system.
- ... safe transport of your truckloads and containers incl. dangerous goods (RID) to their destination.
- ... up-to-date transport information on the shipment status.
- ... a comprehensive offer of additional services such as handling options, warehouse logistics, damaged wagons and emergency management.
- ... a reliable end-to-end logistics solution – incl. first and last mile.
- ... a sustainable transport solution that significantly contributes to protecting our environment and saving CO₂.
