

# TransFER Duisburg–Rotterdam

With the TransFER Duisburg–Rotterdam, you can move your goods directly, quickly and reliably to one of Europe's most important seaports. Via our hub in Rheinkamp near Duisburg, we connect key production and distribution sites with the major markets of Northern and Western Europe – without detours, without losing time. Additional antenna connections from Rotterdam to Moerdijk, Geleen and Vlissingen provide even more flexibility for your supply chain.

## Your Cargo. Our Logistics Solutions.

- **Fast & reliable:** three weekly round trips, fixed schedules, and a total transit time of just 6.5 hours.
- **High flexibility:** integration of volumes from and to Germany, Austria, Belgium and Scandinavia via Duisburg, plus additional antenna connections from and to Rotterdam.
- **Direct access to the Port of Rotterdam:** connection to the most important terminals – ideal for onward shipment by sea.
- **End-to-end logistics solutions:** first and last mile as well as forwarding options such as transshipment, warehousing and professional customs services – all from a single source.
- **Made for your cargo:** conventional wagonload and container transport including dangerous goods (RID).
