

TransFER Vienna–Scandinavia

Networking of Northern, Central,
Southern and South-Eastern Europa

Fast as lightning connection to our dense network (TransNET) and throughout Central & Southeastern Europe

Holistic transport chain planning with end-to-end deliveries and disposition from a single source

Safe, reliable, punctual and in maximum quality

Seamless between Austria and Scandinavia

3 to 4 times a week in a round trip

Circulation schedule – an overview of the processing using an example

The handling at a glance

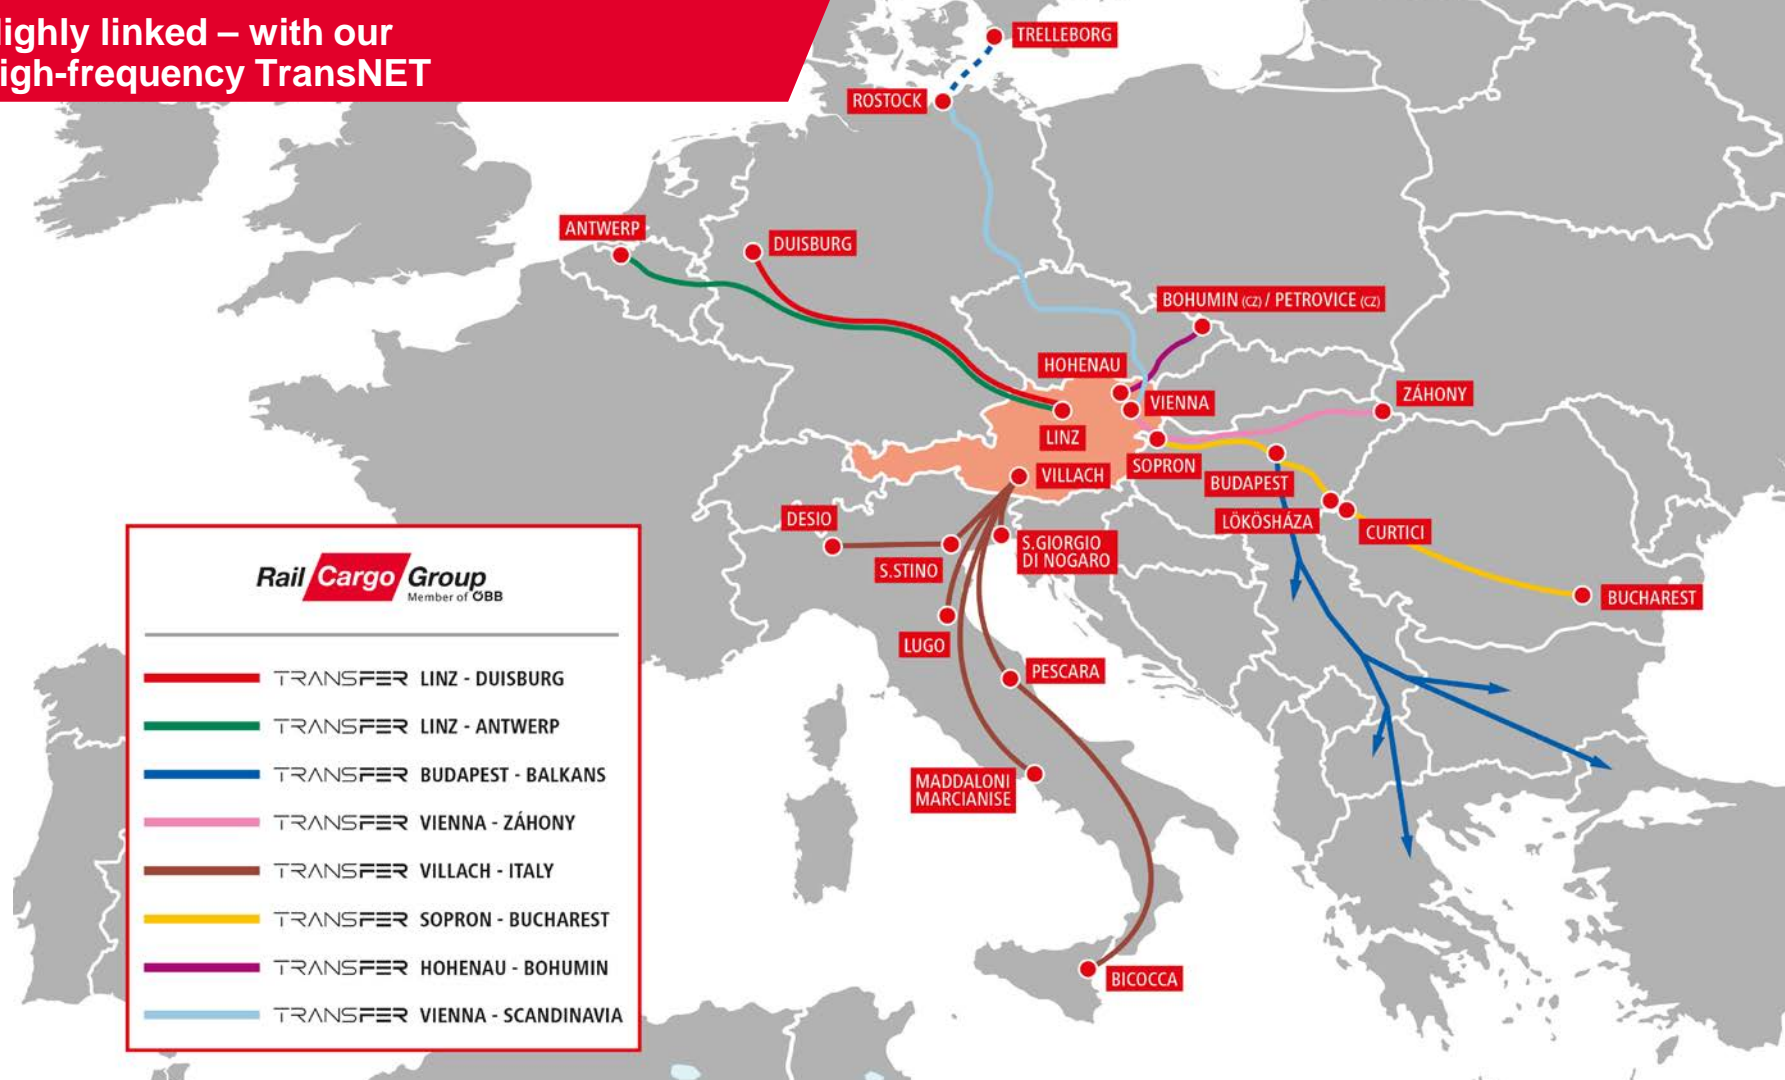

- Vienna Central Transfer Station as central hub for volume flows from and to Scandinavia
- The main rail run from Vienna to Rostock to the Baltic Sea is carried out in the company's own production facilities
- Handling of the ferry connection from Rostock to Trelleborg as well as rail transports in Scandinavia via our partner green cargo

- Multifunctional TransFER connection with capacities for conventional wagonload traffic
- Industry-specific rail logistics solutions for all industrial goods and hazardous goods (RID) shipments
- Timely transport information on shipment status

Highly linked – with our high-frequency TransNET

to Rostock, Tue, Thu and Sat

VIENNA

Nothing is impossible

A photograph of a construction site. In the foreground, a concrete mixer truck is partially visible, with a white panel featuring the 'LOCEY' logo. Three workers in high-visibility safety gear (yellow and orange) and hard hats are standing and talking. The background shows industrial structures and a clear sky.

In the beginning was an idea. And then came the individual logistics solution – according to your specific logistics requirements and needs.

Contact us, we will make you a tailor-made offer at competitive prices.

We are at your service
