

TransFER Wels–Trieste

The Rail Cargo Group and the Turkish operator DFDS Denizcilik ve Tasimacilik A.S. jointly offer the TransFER Wels–Trieste on the market.

This TransFER is part of the intermodal chain between Turkey, Austria and Germany. The transport of ISU-trailers (Innovative Semi-trailer handling Unit) is ensured with Turkish tractors. For the first time ISU system allows non-cranable semi-trailers to be mobilized from one terminal to another directly by railway.

Timetable Wels–Trieste v.v.
