

TransFER Wels–Trieste

WE ARE RAILCORE

The Rail Cargo Group, Società Alpe Adria S.p.A. and the Turkish operator DFDS Denizcilik ve Tasimacilik A.S. jointly offer the TransFER Wels–Trieste on the market.

This TransFER is part of the intermodal chain between Turkey, Austria and Germany. The transport of trailers is ensured with Turkish tractors. ISU system (Innovative Semi-trailer handling Unit) allows non-cranable or non-codified semi-trailers to be mobilized from one terminal to another directly by railway.
