

# MULTIMODAL LOGISTICS

## East-North traffic CZ/HU-AT-DE

With our multimodal end-to-end logistics solutions, we not only offer efficient connections between major economic regions in the Czech Republic, Hungary, Germany and Austria, but also direct shipping connections thanks to our connection to the Baltic Sea ports. We provide reliable and efficient transport of your containers, swap bodies, and craneable trailers across Europe.

### YOUR BENEFITS AT A GLANCE

- Non-stop connections with attractive transit times connecting Europe's most important industrial centres with end-to-end solutions including first and last mile – with transshipment options available on request
- Connection to our comprehensive European network (TransNET)
- Assured capacity and universal equipment (swap bodies with side loading and unloading capability, containers, bulk, trailers, etc.)
- Reliable and plannable departures – several times a week with recorded timetables

### YOU CAN EXPECT US TO ...

- ... be able to transport anything you carry by truck by rail with our 45ft HCPW containers without losing any cargo space.
- ... provide you with a cost advantage thanks to our competitive door-to-door prices for long distances.
- ... make it possible for you to go with us over land all the way to Asia and back, enjoying lower transport costs than air freight and faster transport times than sea freight.
- ... handle the provision of empty containers as well as collection and delivery by truck to your end customers.
- ... ensure that you or your customers have a continuous factory supply thanks to our secured train departures.
- ... make a significant contribution to protecting our environment and reducing CO<sub>2</sub> emissions with this sustainable transport solution.
