

# Maritime North-West

TODAY. TOMORROW. TOGETHER.

MARITIME

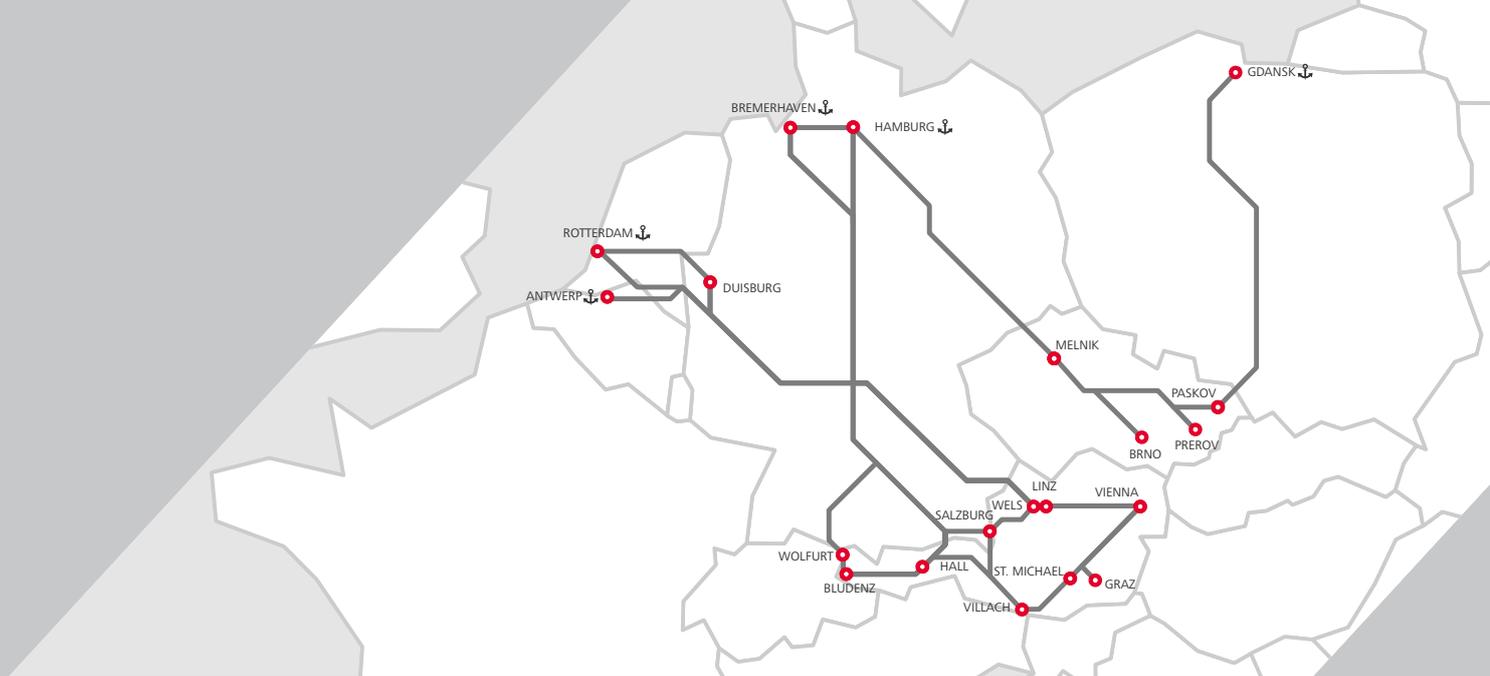

## Your intermodal transport – from the North/West ports to the hinterland

To meet your needs, we combine all the necessary transport modalities between the North and West Sea ports, Austria and the Czech Republic to create an efficient logistics chain. We transport your containers and swap bodies safely and smoothly to and from ports such as Hamburg, Bremerhaven, Rotterdam or Gdansk using high-frequency block train solutions. In Austria and the Czech Republic, you can also

benefit from access to our high-performance single wagonload network. Offer your customers extra services with our support: whether it's the first or last mile by truck, export and import customs clearance, storage of your goods or handling of all documentation – with our comprehensive end-to-end service packages from a single source, you have nothing to worry about.

### Your Cargo. Our Logistics Solutions.

- High-frequency departures and fixed timetables
- Loading of single transport units
- Combination options with Rail Cargo Group's entire intermodal TransNET to Turkey and China
- First and last mile by truck on request
