

Maritime South

TODAY. TOMORROW. TOGETHER.

MARITIME

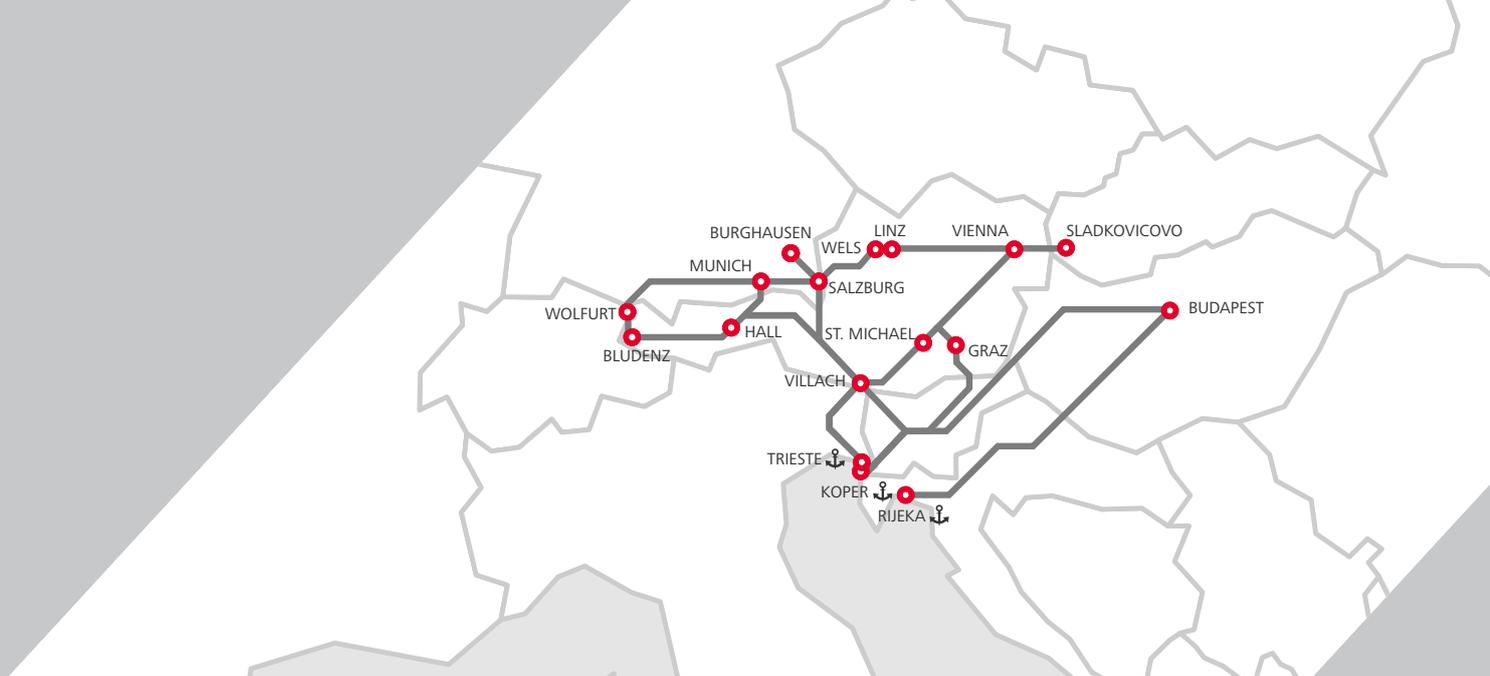

Your intermodal transport – from the South ports to the hinterland

Smooth flow of goods, seamlessly organised: We connect the Northern Adriatic ports with the European hinterland to create an efficient logistics chain for you. From Koper, Rijeka or selected European terminals – and, if required, via last mile to your customers: With our intermodal transport solutions for your swap bodies and containers, you have nothing to worry

about. In Austria and Hungary, you can also benefit from access to our high-performance single wagonload network. With our service extras, you can easily meet your customers' needs: from export and import customs clearance to storage and handling of all documentation.

Your Cargo. Our Logistics Solutions.

- Block train systems with high frequency and smooth transport operations
- Combination options with Rail Cargo Group's entire intermodal TransNET to Turkey and China
- Sustainable container transport, end-to-end logistics from a single source
- First and last mile by truck on request
