

# TransFER Budapest–Zeebrugge

From end of September the TransFER Budapest–Zeebrugge will provide a direct link between two important hubs for intermodal flow of goods. With BILK terminal, Budapest forms a central gateway to South-east Europe, while Zeebrugge, as an important seaport, offers shipping connections to the UK and beyond. With attractive transit times and versatile transport options, this TransFER is the ideal solution for your transport needs.

## Your benefits at a glance

- Transport of all craneable loading units: 20-, 30-, 40-, 45-foot containers, 25- and 45-foot swap bodies
- Safe transport of dangerous goods (RID)
- Attractive transit times with an A-B connection and three round trips per week
- Ship connections from Zeebrugge to Tilbury, Hull, Teesport, London and other main connections in Great Britain
- Antenna connection to and from Turkey
