

# Mineral Oil

TODAY. TOMORROW. TOGETHER.

MINERAL OIL

## From pipeline to rail – reaching your destination on time

To ensure that everything runs smoothly in your business, we give it our all when it comes to mineral oil logistics. We offer end-to-end logistics solutions throughout Europe for mineral oil and liquid gas, reliable and on schedule, with efficient freight and tank wagon management fully tailored to your needs. We provide you with comprehensive, expert transport services as part of a complete package: efficient flow

monitoring and supply management, provisioning of tank farms and airports, traction of empty wagons and, if required, a damaged wagon service for private tank wagons, incident reporting management and wagon pool management. We prove that we can be relied on by transporting more than nine million tonnes of mineral oil and liquid gas every year.

### Your Cargo. Our Logistics Solutions.

- Presence in 18 countries (own traction in 14 countries) as well as single wagonload connections in Austria and with neighbouring European railways
- Just-in-time supply with Jet A1 for airports
- Securing of dangerous goods and storage loaded wagons
- All-in offers: freight and asset in a modular system
- Wagon pool management

## Equipment

We make our wagon pool of different wagon types available to you, with a focus on tank wagons. You benefit from our operational and technical knowledge of the requirements for repair, cleaning, maintenance, inspection and international regulations. Providing you with competent advice for your individual transport order is a matter of course for us.

- Tank wagons for mineral oil products, if required with insulation, steam pipes, etc.
- Tank wagons for liquid gas
