

# TransFER

## Salzburg–Duisburg–Wels

With this non-stop connection between Austria and Germany, we not only supply the wide industrial area of the Rhine-Ruhr region, but also connect the entire Central and South-Eastern European market. Your wagonloads and containers incl. dangerous goods transports (RID) reach their destination in a sustainable, safe and reliable manner – from the first mile to the last!

### Your Cargo. Our Logistics Solutions.

- **High frequency & short transit times:** Ten weekly round trips with a fast transit time of around 20 hours.
- **Planning reliability:** Fixed timetable ensuring reliable and punctual transports.
- **Reliable transport quality:** RCG-own traction on the entire TransFER.
- **End-to-end logistics from a single source:** Integrated transport solutions including first and last mile services.
- **Comprehensive value-added services:** Forwarding services such as transshipment, warehousing, customs services as well as damaged wagon and emergency management.
- **Extended connection options:** Seamless connections from Rheinkamp (near Duisburg) to Sweden as well as to the seaports of Rotterdam and Antwerp.
