

# TransFER Linz–Antwerp

A non-stop connection

TODAY. TOMORROW. TOGETHER.

# TransFER Linz–Antwerp

Fast as lightning connection to our dense network (TransNET) and throughout Central & Southeastern Europe

Holistic transport chain planning with end-to-end deliveries and disposition from a single source

Seamless between Austria and Belgium

Safe, reliable, punctual and in maximum quality

6 times a week in a round trip

## The handling at a glance

- Linz marshalling yard as central hub for volume flows from Belgium
- RCG own traction in Austria and Germany
- Traction partner in Belgium: **Railtraxx** – a private Belgian railway company
- Sales partner in Belgium and control of the Belgian network: **Rail & Sea NV**

## Logistics competence carrying our name

- Multifunctional TransFER connection with capacities for **conventional wagonload** traffic as well as **container** transports
- Industry-specific rail logistics solutions for **all industrial goods** and **hazardous goods** (RID) shipments
- Timely **transport information** on shipment status

High-frequently linked

# The non-stop connection as interface of European economic centers

- **Inlet & distribution** via efficient single trolley system with strong operating grid in the area
- Supply to the **port areas** of Antwerp, Ghent, Zeebrugge and extensive industrial plants
- Possible connection to **deep-sea shipping services.**

## Comparison of rail /road emissions

Calculated with EcoTransIT-World assuming an average load and the respective country energy mix.

## Your benefits

- **Seamless**, quality-assured order processing thanks to cooperation with Belgian partners – in single wagon or block train systems
- **Seamless supply security** through the RCG logistics network
- **Shortened transport times**, improved punctuality, complete security, maximum service quality
- Transport time between Linz and Antwerp: **24 hours**
- **Rapid connection** to the entire RCG network as well as economic regions throughout Central and Southeastern Europe with **end-to-end logistics solutions**
- **Quality assurance** through customer service center
- Handling with own locomotives on the main line in Austria and Germany – ensuring a high-quality international production chain
- **Competitive advantage** through extended own production radius

# What matters

## We take care of every detail

- Organisation of first and last mile
- Transshipment facilities and warehouse logistics
- Always ready in an emergency
- Damaged wagon management
- Emergency management
