

TRANSFER

Villach–Frosinone

With the TRANSFER Villach–Frosinone, which extends our TRANSFER Villach–Italy, we offer you another safe and environmentally friendly transport solution. Thanks to its strategically favourable location in the centre of Italy and close to Rome, Frosinone provides easy access to important national and international transport connections. You benefit from end-to-end logistics solutions with first and last mile services, conventional wagonload but also container transport (max. profile C22) – mainly from and to postcodes 00, 03, 04, 67 – as well as additional forwarding services such as transshipment facilities and warehouse logistics – all from a single source.

YOUR BENEFITS AT A GLANCE

- A transit time of one day between Villach and Frosinone
- End-to-end logistics solutions from a single source
- Sustainable conventional freight transport

HERE IS WHAT YOU CAN COUNT ON ...

- ... that we bring your products **safely** to their destination with this TRANSFER.
- ... that this **sustainable** transport service makes a significant contribution to protecting the environment and avoiding CO₂ emissions.
- ... we guarantee you **high-quality** services – based on many years of experience in the industry and our passion for maintaining existing projects and developing new ones.
