TODAY. TOMORROW. TOGETHER.

WOOD

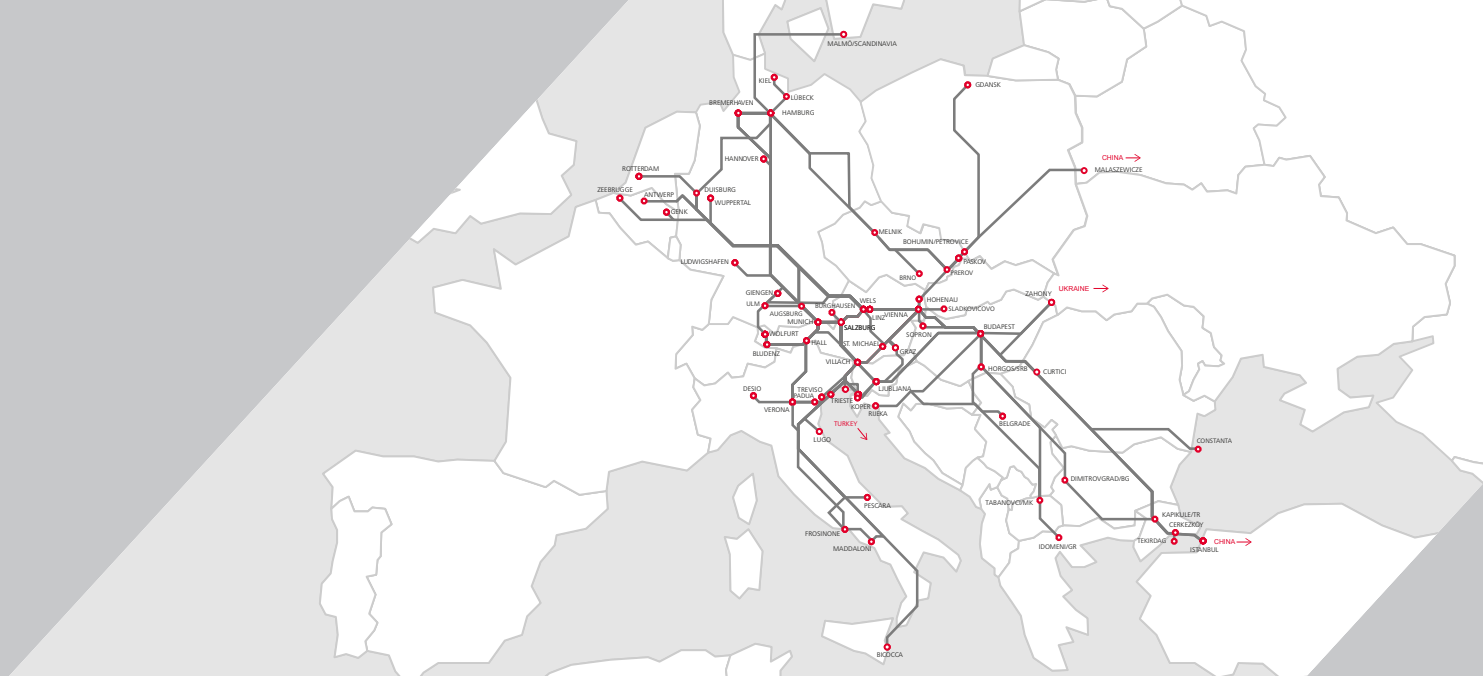

Your wood in all its variations – we put it on the right tracks

Your round timber, wood products or wood chips – we put together customised logistics packages for all products in the timber industry. As the largest timber transporter in Europe, transporting over 6 million tonnes of wood every year, you can entrust your goods to us with confidence. We know what matters when it comes to transporting your goods and respond quickly and competently to your needs. Our

team, which specialises in the timber industry, also develops customised comprehensive solutions for international transport. Whether in block trains or single wagonloads, whether to the economic centres of South-Eastern Europe, such as Italy, Greece and Turkey, to Serbia or the port of Koper, we are the flexible logistics partner for your dynamic industry.
