

TransFER Sopron–Arad

Efficient. Sustainable. Direct to Western Romania.

Whether single wagonload or wagon groups – we consolidate your shipments from Central Europe via our logistics hub in Sopron into high-performance block trains and transport them reliably to the economically dynamic region around Arad in just 24 hours. Combined with forwarding services, this ensures maximum flexibility along your entire supply chain. For you, that means: smooth and direct transports to Western Romania – with no detours.

Your Cargo. Our Logistics Solutions.

- End-to-end logistics solutions including first and last mile
- Sustainable transport for conventional wagonloads
- Additional forwarding services such as transshipment, warehousing and order picking
- Short transport times thanks to operation on fixed timetables
- Formation of efficient block trains with mixed cargo
