

# TransFER Villach–Koper

A non-stop connection

TODAY. TOMORROW. TOGETHER.

# TransFER Villach–Koper

Fast as lightning connection to our dense network (TransNET) and throughout Central & Southeastern Europe

Holistic transport chain planning with end-to-end deliveries and disposition from a single source

Seamless between Austria and Slovenia

Safe, reliable, punctual and in maximum quality

2-3 times a day in a round trip

**VILLACH** 

**KOPER** 

**TRANSFER**

## The handling at a glance

- Villach South marshalling yard as central hub for volume flows from to Slovenia – South-Eastern Europe v.v.
- Grouping of single wagon consignments and wagon groups
- Bundling into block trains and onward transport to and from Slovenia

## Logistics competence carrying our name

- Multifunctional TransFER connection with capacities for **conventional wagonload** traffic as well as **container** transports
- Industry-specific rail logistics solutions for **all industrial goods** and **dangerous goods** (RID) shipments
- Timely **transport information** on shipment status

High-frequently linked

# The non-stop connection as interface of European economic centers

- **Inlet & distribution** via efficient single trolley system with strong operating grid in the area
- Possible connection to **deep-sea shipping services**
- Train formation centre: Grouping of **single wagon consignments** and **wagon groups**
- Hub to southern ports as a connection option for **deep-sea ship transport**

## Comparison of rail /road emissions

Calculated with EcoTransIT-World assuming an average load and the respective country energy mix.

## Your benefits

- Seamless, quality-assured order processing thanks to cooperation with Belgian partners – in single wagon or block train systems
- **Seamless supply security** through the RCG logistics network
- **Shortened transport times**, improved punctuality, complete security, maximum service quality
- Transport time between Villach and Koper: **2 days** (incl. loading and unloading)
- **Rapid connection** to the entire RCG network as well as economic regions throughout Central and South-Eastern Europe with **end-to-end logistics solutions**
- **Quality assurance** through customer service center
- Handling with **own locomotives** – ensuring a high-quality international production chain
- **Competitive advantage** through extended own production radius

# What matters

## We take care of every detail

- Organisation of first and last mile
- Transshipment facilities and warehouse logistics
- Always ready in an emergency
- Damaged wagon management
- Emergency management
